

CONVERGENCE

ICEBREAKER

APPROXIMATE TIME: 10 MINUTES

MATERIALS: NO MATERIALS NEEDED

How it Works

The goal of this activity is to converge on a single word after starting with two random, unrelated words.

To play:

- Two people volunteer to start. They count down from 3 and then say one random word each.
- The first two people who think of a word related to both previous words say "Got it!" and say their words simultaneously after counting down from 3.
- Eventually, two people will say the same word, and the group has converged!
